**Aquacare Physical Therapy Expands To Offer  
Free Patient Transportation**

Aquacare Physical Therapy is pleased to announce the offering of free patient transportation to their aquatic and orthopedic specialty physical therapy clinics.

“We are excited to finally offer transportation to those patients that may not have access to physical therapy due to not having the ability to travel to physical therapy, ” says Cara Konlian MSPT, Chief Executive Officer for Aquacare Physical Therapy. These services will be offered at their Lewes, Millsboro, Seaford and Georgetown, Delaware locations.

In addition to traditional orthopedic physical therapy, two of these locations have onsite aquatic therapy. Specialized women’s health services including men and women incontinence (leakage of urine) pelvic pain, pregnancy, fibromyalgia and a breast cancer recover program. Women’s health specialty programs will be led by Cara Konlian MSPT, one of the few gynecological physical therapists on the Eastern Shore. Aquacare Physical Therapy also offers specialized treatment for athletes and work related injuries and auto accidents.

Aquacare Physical Therapy guarantees that evaluations can be scheduled within 24 hours if needed. Offering convenient early morning and evening hours, this location will also offer same day scheduling. Free injury consultations are available to determine if therapy is warranted.

To schedule your physical therapy appointment including free patient transportation, please call 302.536.1774.
